About the yacht

Derya Deniz is a 24 m gulet for 10 guests in 5 cabins, offering gulet charter from Marmaris, Turkey, with a 2021 refit, solar panels and a karaoke-ready sound system. She was built in 2008 and combines warm wooden finishes with modern touches. Her systems include a watermaker, solar panels and onboard laundry facilities. The layout is two master suites and three double cabins, each en-suite with a shower box, individually controlled air conditioning, a Smart TV and a hairdryer, and linens are refreshed daily. Twin 280 HP Iveco engines give a cruising speed of 10 knots, an unhurried pace that suits the short distances between the bays around Marmaris. On deck, sunbathing mattresses and soft loungers fill the foredeck, while the shaded aft deck is set for long meals prepared by the chef on board.
